Intending Extradition Case

ST. PAUL, April 5.—An extradition case which has excited much interest was decided to-day by Judge Nelson, of the district court. A man named Van Hoften, a Hollander, was tracked as a forger from New York to this city by a deputy marshal Robinson of New York, assisted by the chief of police of St. Paul, and while he was under the charge of the circuit court of the United States for the southern district of New York, charging him with forgery and uttering forged paper in Belgium. The warrant was issued on the application of the Belgian consul in New York and the officers of the Belgian government. A number of affidavits were presented to show personality of the accused, and he was arraigned before the court. Van Hoften was arraigned by the counsel. Van Hoften was arrested, and brought before the court on Saturday, after a long search, and brought to the city Saturday evening. Saturday night was spent in the case. FIRE—Shortly after [illegible] yesterday morning an alarm was rung in from the two-story wooden building on the corner of Front and Ash streets, next to the one at the corner of Ash and Front streets. An alarm was also sounded immediately. With that unexcelled promptness for which they are noted the department was on the ground in response to the call, and were at work with the streams of water within a few minutes after the alarm was given. Even before the water could be brought into requisition the building was in flames from top to bottom, and the fire had gained considerable headway before the powerful streams of water from the engines could be directed against it. The fire was not subdued until the roof had fallen in, and the walls were left standing. The fire caught in the rear of the building, and was communicated through the roof to the front, where it was first discovered. The building was unoccupied, and had been for some time. The fire was evidently the work of an incendiary. The building belonged to Mr [illegible] and was insured for $1,000 in the Home Mutual Insurance Company of California. The building was insured for $1,000 in the Home Mutual Insurance Company of California. The building was insured for $1,000 in the Home Mutual Insurance Company of California. The building

PLUMMER FRUIT DRYER.

AS A LOOSE OF WHAT I HAVE HERETOFORE stated to the people of Oregon, I give below a letter from the Plummer Fruit Drying Co. of East Portland. After the close of business of the fall campaign of 1875, I set about perfecting a machine that could save more of the fruit crop, and in increase their capacity to five hundred bushels of apples per day. Having now completed them in Portland for the purpose of supplying the demand for Fruit Dryers in Oregon and Washington Territory, I can say that these dryers are a complete success, and according to capacity. Warrant 1 to dry from five to six bushels of apples per hour in a small room or loft and fuel. These machines are so cheap and simple in construction they cannot fail to supplant all other known machines. I would also say to the fruit growers that I have invented a Machine and Lye mode with which I can peel and spread the fruit on the trays with a very small amount of labor. I also have invented a Peach Parer that is on an entirely new principle, parts so well as to hard down its work well with great speed and slices and pits the fruit ready for the Dryer in the best possible manner, and at a great saving in quantity of fruit. Having become somewhat acquainted with the wants of the people, I find that a cheap DRYER is what is wanted and one that will do good work and a large amount of it. I have so modified my Dryer as to meet that demand and can now guarantee my CHEAP DRYER to do as good work as any and as large an amount of it and the price is within the reach of all.

W. S. PLUMMER, Patentee, Portland, Oregon.

FRUIT DRYER TESTIMONIALS.

EAST PORTLAND, Jan. 4th 1876.

MR. W. S. PLUMMER—*Dear Sir*: As this is a time when all are much interested in Fruit Drying we think that in justice to you and for the information of the public it is but right and proper that we should give the information that we can. Now, after having operated your Dryer during this season we feel warranted in saying that for the amount of money invested we still believe as we did from the start that *your* Dryer is the best Dryer introduced into this country. The capacity of Dryer we find to be about 8 (eight) bushels per hour. The Dried fruit we claim to be as good as any. Though perhaps not as much like a book as the Alden Fruit, and we are satisfied that we can produce Dried Fruit at less expense than the Alden. The stockholders of our Company manifested their confidence in the Plummer Dryer at our meeting, but naturally in a manner some what surprised us. We, however, did not feel disposed to oppose them for the purpose of adding the more Dryers to the present one and making other improvements if not to season. We will further say that we believe that by an improvement made by the inventor in the Heater and Fan that there will be an increase of capacity and a saving of Fuel. Yours, EVANSON President.

J. S. NEWELL Secretary and Superintendent.

EAST PORTLAND, Dec 18 1875.

MR. PLUMMER—*Dear Sir*: I have been watching both the Alden and your Fruit Dryer the past season to determine which was the best Machine for drying Prunes. I have examined the Prunes dried on your Machine and examined the Prunes dried on that Machine, and I have also examined several lots dried on your Machine at East Portland and my opinion is that your Dryer is far the best Machine for drying Prunes. My reasons are these: Your Machine dries them without bursting or cracking while I noticed that a great deal of the fruit dried on the Alden Machine was bursted open and after a Prune is bursted in drying it is worthless for market as a Prune therefore I can recommend your Machine for drying Prunes or anything else. Yours truly, W. P. PFITTYMAN, Proprietor of Railroad Nursery.

PORTLAND, Jan. 10 1876.

MR. PLUMMER—*Dear Sir*: The Dryer purchased by us from you for the purpose of drying our Onions has now been in operation two months and runs good work. All those that have tried the product pronounce it the very best quality.

Yours truly, STLPI & CO.

effectually cured by the Alterative. By stimulating the absorbents, all superfluous and carious depositions are carried off, toning up the digestive organs and at the same time, by strengthening the Liver, Kidneys, &c. to perform their functions. For Dyspepsia or Indigestion, Complaint it has proved a specific, and called the State convention of Jefferson City May 31 to elect delegates to the National convention.

Whisky Fraud Trial.

CHICAGO, April 6—The trial of Stevenson, distillers at Milan, Illinois, on a joint indictment of whisky frauds, by the United States district court this morning showed that the defendants shipped 1,500 barrels of whisky in one day by the Chicago and Alton railroad to Chicago by an arrangement they had with the railway agents with whom large amounts on the railway books. Whisky was then shipped to New York as coal oil, in barrels.

National Colored Convention.

WASHINGTON, April 6—The National Colored Convention was in session over four hours this afternoon by spectators both in the gallery and on the floor. The attendance by delegates was large. The gallery was packed with colored people. The House of Representatives being packed to its full capacity. The committee on resolutions did not get prepared to report, and consequently the convention adjourned until this evening. The proceedings are very important, as they will determine whether the colored people will be united in the coming political battle of Alabama. The black delegates from Alabama are divided, but this morning's session will probably result in harmony. The delegates from Alabama have pledged themselves to vote for no man for President who will not pledge himself to withdraw the troops from the South, and would never again vote the Republican ticket if the troops were withdrawn. National Colored Convention.

WASHINGTON, April 6—The National Colored Convention was in session over four hours this afternoon by spectators both in the gallery and on the floor. The attendance by delegates was large. The gallery was packed with colored people. The House of Representatives being packed to its full capacity. The committee on resolutions did not get prepared to report, and consequently the convention adjourned until this evening. The proceedings are very important, as they will determine whether the colored people will be united in the coming political battle of Alabama. The black delegates from Alabama are divided, but this morning's session will probably result in harmony. The delegates from Alabama have pledged themselves to vote for no man for President who will not pledge himself to withdraw the troops from the South, and would never again vote the Republican ticket if the troops were withdrawn.
